Pastor Says

The world of Play - acting seems more real than reality itself. The professionals have made play - acting very more real than life itself. Artificial flowers seem more real than real flowers. Recently Joe commented about them, they look real than the real ones. Well, let's leave the Professionals to the Play actors, and let's play life ourselves.

We are having far too many breakdowns, and stresses in life because we force ourselves into roles which we are not willing or able to play. In short, one basic sin, and mistake, always skipping out of character."

The apostle Paul says "we are His workmanship created in Christ Jesus unto or for the purpose of good works" (Eph. 2:10. We need to spend some time in fulfilling this great dream of the Lord for each one. We are "God's poems", the creation of his skill and purpose. There are times when all of us, am sure, are discontented with the part the Lord has assigned us. It is boring and difficult. Actors seem to have so much more glamorous and interesting roles. Yet, we must remember that God is the great director and producer in creation, and our part, whatever it is, is right for us. Play it straight. "to shine own self be true" one sage has said.

How does one know His role? How can one find the place in life he has for him? Be it a housewife, a farmer, business or professional man? These are good questions. The following rules have been suggested. Perhaps they will help if you are interested in playing life straight. One is, Be Human. Don't try to be God. Join the human race and accept your station with all its limitations. And remember you can grow. Another rule is to be a man or woman. Don't try to be one today and another tomorrow. These roles are not interchangable. A

Fire-Cured Tobacco Variety

Fire - cured tobacco growers who desire to use a black-shank resistant variety can obtain these seed from the County Agent's office. The only resistant variety is Virginia 6331. This variety is not as desirable as some of the "old line" tobaccos, therefore, growers should use one of these unless there is no land available that is free of the disease.

Seventh-Day Adventist Church

Sabbath School — 9:45 a.m. Jesus Liberty Day" in all Adventist Churches. "The Storm Is Gathering" was the key thought of Pastor Carpenter's sermon. Text scriptures: Isaiah 59:1; Heb. 11:7 "By faith Noah being warned of God of things not seen as yet, moved with fear, prepared an ark, to the saving of his house, by which he condemned the world, and became heir of righteousness."

"All down through the ages, God has had witnesses to reveal and warn when some great event was to take place," Pastor Carpenter said. Noah was in his day 120 years building the ark, and preaching there would be a flood God has also revealed what will take place in these last days so that we may be prepared to stand against the tempest of opposition and wrath, but those who have been warned of future events are not to sit in calm expectation of the gathering storm. We are to be as men waiting for their Lord, but in earnest work and with unwavering faith. "It is no time be continued to allow our minds to dwell on things of minor importance. While men are sleeping, Satan is arranging matters so that God's people may not have mercy or justice. There are many movements today making their way in darkness, concealing their real issues. Many who unite in these movements do not see whither the under - current is tending, but where it shall speak it will reveal the spirit of the dragon as spoken of in Rev. 13:16, 17" Please read.

Great restrictions are coming in. Our liberties are being taken from us, Azsin Pastor Carpenter stressed that we should study the Scriptures daily and be able to give a reason for our faith. Daniel the prophet in Dan. 12:10 last part said "The wicked shall do wickedly, and none of the wicked shall understand, but the wise shall understand." May we be found among the wise that will understand and be prepared for The Gathering Storm.

Truth In Stories

Lesson for January 27, 1963

Sometimes Jesus spoke in plain blunt words. At other times He told stories. Of the two forms His teaching took, people have always remembered and loved the stories rather than the bare direct assertions. Mark, in fact, says with exaggeration we can readily understand, that Jesus said nothing in public that was not a parable. The reader will find even in Jesus' simplest statements something of parable and of poetry.

What strikes many a person as odd is not that Jesus told stories as His favorite way of making a point. Many others have used the same method. The odd feature is the reason that Jesus gave, why He made parables so much. Most people today think that putting truth into stories would make it easier to take.

"—At Lowly Doors"

Now there is some truth in that. There is a patented device in administering medicine, used by the drug company manufacturing it, a "spanule." Everybody has taken capsules; that's a fairly large dose at once. If a patient is allergic to capsules, if a strong medicine makes him sick, or if he has to take several kinds of medicine, then the spansule may be just the thing, for it is filled with various kinds of medicine, and some take much longer to melt than others, so the "spansule" is a neat way of giving medicine half the day or longer, in many doses, but all at once.

Parables are a little like that. The parable is a spansule; it is easy swallowed, and the patient doesn't realize how long it will stick with him. He keeps remembering the parable, and thinking about it, and while it may need some time before the man can absorb the new truth into his system, the parable stays there, in his memory, it keeps talking to him, and finally he accepts the truth — indeed it may seem as if he had always know it — which he would have rejected if it had been presented to him as it were: raw. The poet Tennyson long ago remarked that

"Truth embodied in a tale
Shall enter in at lowly doors."

Truth Unpersuasive

Oh, it doesn't always act like that. Some men resist truth no matter how it comes to them. Put the truth bluntly and they will say NO. Put the truth in a tale, a poem, a parable, and they will say, Nonsense!

But what has all this got to do with Jesus? Simply that He gave an unexpected answer to the question why He used parables: in fact, He gave the answer before any one got around to asking Him why. He told stories. He seems to have said, to keep people from understanding what He meant. He "seems to have said," but probably was sarcastic in saying it, that if He did not speak in parables somebody might believe Him! Now we know this: Jesus wanted of all things to be taken seriously, to be believed; and we cannot think it like Him to keep people deliberately from knowing the truth that might save them.

Any Why Not?

We must recall the conditions under which Jesus taught. There were the immense crowds, always there; and there the few true disciples. Jesus had to interest others in becoming disciples, and at the same time wear down the curiosity-seeking crowds. The parable would do both. Some would find the stories just silly or childish, and they would lose interest. Some would find those simple tales amazingly fascinating, and would stay around to learn just what Jesus meant.

The question still remains, why do some people listen well, some badly and some not at all? Jesus said it was like a man sowing seed on different kinds of soil. The seed may be always the same; but some sprouts and dies, some never sprouts at all, and some brings forth a great harvest. Truth is a seed, and the harvest can be great . . . or it can be nothing. It depends on the kind of person the listener is. God never makes a person believe. Thought-control is an ambition of dictators and tyrants. God offers truth to all; but only "he that hath an ear" will pay much attention.

Cancer Council Member Suggests "Nurses' Corps"

A "nursing corps" for Appomattox County was a suggestion made Monday night by one of the 19 officers and committee members of the Cancer Council unit of the Va. Division, American Cancer Society.

Mrs. Pearl Moore, a registered nurse, said that a volunteer group of nurses could be enlisted in a "home nursing course" that could take over short term nursing care of a county patient or other arrangements could be made, or could enlist the family of an ill person how to care for him. "This will benefit cancer patients and others," she said.

The 1963 Crusade Leadership Conference was announced by Dr. A. A. Fratrick, Council president. This will be held at the Jefferson Hotel in Richmond, January 30 and 31.

Mrs. Frank Chachek, secretary was instructed to invite William W. Manley, Jr., Field Representative of the American Cancer Society to return to Appomattox on February 11 or February 18 for another general meeting of the Council.
